COVID-19

We are planning for an In Person Meeting, however due to the pandemic and the impact generated by the preventive measures put in place to protect the population, CARDP is in constant discussion with the various partners implicated in producing a quality event which is first and foremost safe. The current prospectus will be adapted in the upcoming weeks to meet the various British Columbia and Health Canada government directives to which Convention Professionals must adhere to. We will keep you updated as the situation evolves.

Coordination and constant communication between all parties involved is essential and we count on your collaboration as an exhibitor to maintain all sanitary measures put in place. A risk evaluation will be conducted to cover all activities taking place during the convention. For example, set-up and take-down of the exhibit floor, room configuration, delegate density management and traffic flow patterns will all be evaluated according to the guideline currently in place. These guidelines, however, can change significantly over time.

As a result, certain activities could be modified significantly to limit the impact of the Covid-19. In order to respect social distancing as it is related to the exhibit floor capacity, it is possible that the number of booths on the floor may need to be diminished. If the situation requires it and we must reduce the number of our exhibitors, we will proceed to a refund of the exhibit booth space in the amount of \$ 1500.00. Space will be limited and on a first come basis, starting with Gold, Silver and then Bronze Levels.

Exhibitors will be limited to One Attendant at a time representing the Booth. If other attendants will be present, then all attendees must be registered in advance of the Conference. Name Badges and all information will be placed in your booth so there is no need to visit the registration area.

Corporate Participation Opportunities

GOLD SPONSORSHIP

(In Person and Virtual Conference Sponsorship)

Up to 4 positions only in this category are offered
